MEDIA STATEMENT

MALAYSIA HEALTHCARE TRAVEL COUNCIL

Malaysia Healthcare applauds the Government's decision to fully reopen Malaysia's borders beginning 1 April 2022. This is certainly a positive indicator towards the recovery of Malaysia's healthcare travel industry in step with revitalising the nation's economy. In our march towards endemicity, we stand guided by the well-detailed plan and guidance announced by the **Minister of Health Malaysia, Yang Berhormat Khairy Jamaluddin**, during a press conference yesterday.

This timely announcement allows the Council to boost its efforts for the Recovery phase of the industry, in its mission to provide the best Malaysia healthcare travel experience by 2025. The full reopening of the borders will allow for seamless continuity of care and access to world-class quality, accessible, and affordable healthcare services for our international patients.

"We look forward to welcoming international travellers back to Malaysia, a safe and trusted destination, strengthened by our nation's commitment to embracing endemicity," Mohd Daud Mohd Arif, Chief Executive Officer of MHTC commented.

MHTC will continue to intensify its efforts in showcasing Malaysia Healthcare's capabilities and strengths by solidifying its position as the Fertility and Cardiology Hub of Asia, Cancer Care Centre of Excellence, as well as the Hepatitis C Treatment Hub of Asia among others via synergistic Public-Private Partnerships and pave the way for more innovative industry service offerings. Healthcare travellers looking forward to Experience Malaysia Healthcare and its medical offerings can find out more at www.malaysiahealthcare.org.
